

Checklist for AAPOR TI

Survey: New York May Poll

TI Disclosure Elements	Answers
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	Emerson College Nexstar Media
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	See Below
3. A definition of the population under study and its geographic location.	Registered Voters in New York
4. Dates of data collection.	May 1-3, 2022
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	Data was collected using a list of 10,000 mobile numbers and a multi-stage probability sample of 50,996 landlines provided by L2, and an online panel provided by Amazon Mturk.
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	Aristotle, LLC Amazon MTurk L2
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	Amazon MTurk uses opt in panels and not online ads to recruit participants
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	See #5
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	IVR, Online, SMS-to-web

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p>	<p>The general election sample consists of voters in New York, n=1,000, with a MOE of +/- 3%. The Democratic primary sample consists of registered Democratic voters in New York, n=504, with a MOE of +/- 4.3%. The Republican primary sample consists of registered Republican voters in New York, n=225, with a MOE of +/- 6.5%.</p> <p>A screening question was asked if the voter was registered to vote. If the respondent said they were not registered to vote, they were eliminated from the sample.</p>
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p>The data was weighted by gender, age, education, race, and region based on 2022 turnout modeling</p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. Reviewer: Type NA if not applicable.</p>	<p>N/A</p>
<p>13. Contact for obtaining more information about the study.</p>	<p>emersonpolling@emerson.edu</p>

1. What is your gender?

Male

Female

Non-binary or other

2. Do you approve or disapprove of the job Joe Biden is doing as President?

Approve

Disapprove

Unsure or no opinion

3. Do you approve or disapprove of the job Kathy Hochul is doing as Governor?

Approve

Disapprove

Unsure or no opinion

Never heard of this person

4. What is your party registration?

Not registered to vote (end)

Democrat (go to 5)

Republican (go to 8)

Independent or other (go to 10)

5. How likely are you to vote in the Democratic primary on Tuesday, June 28?

Very likely

Somewhat likely

Not very likely (go to 10)

Not at all likely (go to 10)

6. If the Democratic primary for Governor were held today, who would you vote for?

Kathy Hochul

Paul Nichols

Tom Suozzi

Jumaane Williams

Someone else

Undecided

7. If the Democratic ticket is Kathy Hochul for Governor and Brian Benjamin for Lt. Governor, does the recent indictment of Benjamin make you more or less likely to vote for the ticket of Hochul and Benjamin?

No impact (go to 10)

Less likely to vote for the Hochul/Benjamin ticket (go to 10)

More likely to vote for the Hochul/Benjamin ticket (go to 10)

8. How likely are you to vote in the Republican primary on Tuesday, June 28?

Very likely

Somewhat likely

Not very likely (go to 10)

Not at all likely (go to 10)

9. If the Republican primary for Governor were held today, who would you vote for?

Rob Astorino

Michael Carpinelli

Andrew Giuliani

Derrick Gibson

Kris Lord

Harry Wilson

Lee Zeldin

Someone else

Undecided

10. If Andrew Cuomo were to run for Governor as an Independent, who would you vote for?

The Democratic candidate
The Republican candidate
Andrew Cuomo
Unsure

11. Overall, how safe do you feel in your community?

Very safe
Somewhat safe
Somewhat unsafe
Very unsafe

12. How concerned are you about the level of gun violence in New York?

Very concerned
Somewhat concerned
Not that concerned
Not at all concerned

13. How safe do you feel riding MTA subways, buses, and commuter trains?

I do not ride the MTA
Very safe
Somewhat safe
Not very safe
Not at all safe

14. Do you support or oppose the Metropolitan Transportation Authority's decision to continue mask mandates on public transportation?

Support
Oppose
Unsure or no opinion

15. Do you support or oppose Gov. Hochul and state lawmakers allocating \$600M in taxpayer money in the state budget for a new Buffalo Bills stadium?

Support
Oppose
Unsure or no opinion

16. Who did you vote for in the 2020 election?

Joe Biden
Donald Trump
Someone else
Did not vote

17. For statistical purposes only, can you please tell me your ethnicity?

Hispanic or Latino of any race
White or Caucasian
Black or African American

Asian American or Pacific Islander
Other or multiple races

18. What is your age range?

- 18-29 years
- 30-49 years
- 50-64 years
- 65 or more years

19. What is the highest level of education you have attained?

- High school or less
- Some college
- College graduate
- Postgrad or higher

20. What congressional district do you live in?

- 1st District: Rep. Lee Zeldin (R)
- 2nd District: Rep. Andrew Garbarino (R)
- 3rd District: Rep. Thomas Suozzi (D)
- 4th District: Rep. Kathleen Rice (D)
- 5th District: Rep. Gregory Meeks (D)
- 6th District: Rep. Grace Meng (D)
- 7th District: Rep. Nydia Velázquez (D)
- 8th District: Rep. Hakeem Jerries (D)
- 9th District: Rep. Yvette Clarke (D)
- 10th District: Rep. Jerry Nadler (D)
- 11th District: Rep. Nicole Malliotakis (R)
- 12th District: Rep. Carolyn Maloney (D)
- 13th District: Rep. Adriano Espaillat (D)
- 14th District: Rep. Alexandria Ocasio-Cortez (D)
- 15th District: Rep. Ritchie Torres (D)
- 16th District: Rep. Jamaal Bowman (D)
- 17th District: Rep. Mondaire Jones (D)
- 18th District: Rep. Sean Maloney (R)
- 19th District: Rep. Antonio Delgado (R)
- 20th District: Rep. Paul Tonko (D)
- 21st District: Rep. Elise Stefanik (R)
- 22nd District: Rep. Claudia Tenney (R)
- 23rd District: Rep. Tom Reed (R)
- 24th District: Rep. John Katko (D)
- 25th District: Rep. Joseph Morelle (D)
- 26th District: Rep. Brian Higgins (D)
- 27th District: Rep. Chris Jacobs (R)
