

## Checklist for AAPOR TI

**Survey:** Ohio-15 Poll

TI Disclosure Elements	Answers
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	Emerson College
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	See Below
3. A definition of the population under study and its geographic location.	Likely voters in Ohio's 15th congressional district
4. Dates of data collection.	October 14-16, 2021
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	Data was collected using a list of 20,000 landlines and 20,000 cellphones provided by Aristotle Inc.
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	Aristotle, LLC
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	See #5
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	IVR, SMS-to-web

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To</p>	<p><b>The sample consisted of registered voters, n=445, with a Credibility Interval (CI) similar to a poll's margin of error (MOE) of +/- 4.6 percentage points.</b>  <b>A screening question was asked if the voter was registered and likely to vote. If the respondent said they were not registered or not likely to vote, they were eliminated from the sample.</b></p>
<p>avoid confusion, it is best to avoid using the term "margin of error" or "margin of sampling error" in conjunction with non-probability samples.</p>	
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p><b>The data sets were weighted by age, gender, education, race, party registration, and 2020 vote based on a 2021 turnout model using L2.</b></p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. <b>Reviewer: Type NA if not applicable.</b></p>	<p>N/A</p>
<p>13. Contact for obtaining more information about the study.</p>	<p><a href="mailto:emersonpolling@emerson.edu">emersonpolling@emerson.edu</a></p>

1. What is your party registration?

Not registered to vote (end)

Democrat

Republican

Independent or other

2. How likely are you to vote in the election on November 2nd?

Not at all likely (end)

Not very likely (end)

Somewhat likely

Very likely

I already voted

3. Is your opinion of President Joe Biden generally favorable or unfavorable?

Favorable

Unfavorable

No opinion

I have never heard of this person

4. Is your opinion of Governor Mike DeWine generally favorable or unfavorable?

Favorable

Unfavorable

No opinion

I have never heard of this person

5. Is your opinion of Senator Rob Portman generally favorable or unfavorable?

Favorable

Unfavorable

No opinion

I have never heard of this person

6. Is your opinion of Senator Sherrod Brown generally favorable or unfavorable?

Favorable

Unfavorable

No opinion

I have never heard of this person

7. Is your opinion of Mike Carey generally favorable or unfavorable?

Favorable

Unfavorable

No opinion

I have never heard of this person

8. Is your opinion of Allison Russo generally favorable or unfavorable?

- Favorable
- Unfavorable
- No opinion
- I have never heard of this person

9. If the special election for U.S. congress were held today, who would you vote for?

- Democrat Allison Russo (go to 11)
- Republican Mike Carey (go to 11)
- Undecided

10. Which candidate are you leaning towards at this time?

- Democrat Allison Russo
- Republican Mike Carey

11. How important is it that candidates participate in a debate before an election?

- Very important
- Somewhat important
- Not that important
- Not important at all

12. Does President Trump's endorsement of Mike Carey make you more or less likely to support him?

- More likely
- Less likely
- No difference

13. Should President Trump run again in 2024?

- Yes
- No
- Unsure or no opinion

14. Thinking about the circumstances surrounding last year's presidential election, which of the following describes your view of whether President Biden is a legitimate president?

- I accept him as the legitimate president
- I don't accept him as the legitimate president

15. Do you support a vaccine mandate?

- Yes
- No
- Unsure or no opinion

16. Which of the following issues is your top priority?

Healthcare  
Jobs  
Education  
Covid-19  
Corruption  
Immigration  
Infrastructure  
Something else

17. How familiar are you with the corruption case regarding House Bill 6?

Very familiar  
Somewhat familiar  
Not very familiar  
Not at all familiar

18. Does the federal corruption case involving House Bill 6 impact your vote in the special election for congress?

Yes  
No  
Unsure or no opinion

19. Who did you vote for in the 2020 election?

Joe Biden  
Donald Trump  
Someone else  
Did not vote

20. For statistical purposes only, can you please tell me your ethnicity?

Hispanic or Latino of any race  
White or Caucasian  
Black or African American  
Asian  
Other or multiple races

21. What is your age range?

18-34 years  
35-49 years  
50-64 years  
65 or more years

22. What is the highest level of education you have attained?

High school or less  
Some college  
College graduate

Postgrad or higher

23. Please select the type of area where you live

Urban/city

Suburban

Rural

24. What is your zip code?
