

Checklist for AAPOR TI

Survey: New York June Poll

| TI Disclosure Elements | Answers |
|--|---|
| 1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed. | Emerson College Nexstar Media |
| 2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results. | See Below |
| 3. A definition of the population under study and its geographic location. | Very Likely Primary Voters in New York |
| 4. Dates of data collection. | June 9-10, 2022 |
| 5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated. | Data was collected using a list of 10,000 mobile numbers and a multi-stage probability sample of 66,458 landlines provided by L2, and online panels provided by Cloud Research and Amazon MTurk. |
| 6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party. | Aristotle, LLC Cloud Research, Amazon MTurk L2 |
| 7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents. | Cloud Research and Amazon MTurk use opt in panels and not online ads to recruit participants |
| 8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods. | See #5 |
| 9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered. | IVR, Online, SMS-to-web |

| | |
|--|---|
| <p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p> | <p>The Democratic primary sample consists of very likely Democratic primary voters in New York, n=500, with a MOE of +/- 4.3%.</p> <p>The Republican primary sample consists of very likely Republican primary voters in New York, n=500, with a MOE of +/- 4.3%.</p> <p>A screening question was asked if the voter was very likely to vote in the Democratic or Republican primary. If the respondent said they were not very likely to vote, they were eliminated from the sample.</p> |
| <p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p> | <p>The data was weighted by gender, age, education, and race based on 2022 turnout modeling</p> |
| <p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. Reviewer: Type NA if not applicable.</p> | <p>N/A</p> |
| <p>13. Contact for obtaining more information about the study.</p> | <p>emersonpolling@emerson.edu</p> |

1. What is your gender?
 - Male
 - Female
 - Non-binary or other

2. Do you approve or disapprove of the job Joe Biden is doing as President?
 - Approve
 - Disapprove
 - Unsure or no opinion

3. Do you approve or disapprove of the job Kathy Hochul is doing as Governor?
 - Approve
 - Disapprove
 - Unsure or no opinion
 - Never heard of this person

4. What is your party registration?
Not registered to vote (end)
Democrat
Republican
Independent or other (end)
5. How likely are you to vote in the Democratic primary for Governor on Tuesday, June 28?
Not at all likely (end)
Not very likely (end)
Somewhat likely (end)
Very likely
6. If the Democratic primary for Governor were held today, who would you vote for?
Kathy Hochul
Tom Suozzi
Jumaane Williams
Undecided
7. Although you are undecided, what candidate are you leaning towards at this time?
Kathy Hochul (go to 11)
Tom Suozzi (go to 11)
Jumaane Williams (go to 11)
8. How likely are you to vote in the Republican primary for Governor on Tuesday, June 28?
Not at all likely (end)
Not very likely (end)
Somewhat likely (end)
Very likely
9. If the Republican primary for Governor were held today, who would you vote for?
Rob Astorino
Andrew Giuliani
Harry Wilson
Lee Zeldin
Undecided
10. Although you are undecided, what candidate are you leaning towards at this time?
Rob Astorino
Andrew Giuliani
Harry Wilson
Lee Zeldin
11. Overall, how safe do you feel in your community?
Very safe
Somewhat safe
Somewhat unsafe

Very unsafe

12. How concerned are you about the level of gun violence in New York?

- Very concerned
- Somewhat concerned
- Not that concerned
- Not at all concerned

13. Which would you consider to be the main cause of gun violence: mental health issues, gun access, both, or neither?

- Mental health issues
- Gun access
- Both mental health and gun access
- Neither

14. Do you think the seven-month suspension of the New York gas tax goes far enough to combat inflation, or not?

- Goes far enough
- Doesn't go far enough
- Goes too far
- Unsure or no opinion

15. What is your view toward inflation: do you expect the rate of inflation in six months to be higher, lower, or about the same as it is now?

- Higher
- Lower
- About the same

16. For statistical purposes only, can you please tell me your ethnicity?

- Hispanic or Latino of any race
- White or Caucasian
- Black or African American
- Asian American or Pacific Islander
- Other or multiple races

17. What is your age range?

- 18-29 years
- 30-49 years
- 50-64 years
- 65 or more years

18. What is the highest level of education you have attained?

- High school or less
- Some college
- College graduate
- Postgrad or higher

19. What type of area do you live in?

Urban or city

Suburban

Rural

20. What congressional district do you live in?

1st District: Rep. Lee Zeldin (R)

2nd District: Rep. Andrew Garbarino (R)

3rd District: Rep. Thomas Suozzi (D)

4th District: Rep. Kathleen Rice (D)

5th District: Rep. Gregory Meeks (D)

6th District: Rep. Grace Meng (D)

7th District: Rep. Nydia Velázquez (D)

8th District: Rep. Hakeem Jerries (D)

9th District: Rep. Yvette Clarke (D)

10th District: Rep. Jerry Nadler (D)

11th District: Rep. Nicole Malliotakis (R)

12th District: Rep. Carolyn Maloney (D)

13th District: Rep. Adriano Espaillat (D)

14th District: Rep. Alexandria Ocasio-Cortez (D)

15th District: Rep. Ritchie Torres (D)

16th District: Rep. Jamaal Bowman (D)

17th District: Rep. Mondaire Jones (D)

18th District: Rep. Sean Maloney (R)

19th District: vacant (formerly Rep. Antonio Delgado (D))

20th District: Rep. Paul Tonko (D)

21st District: Rep. Elise Stefanik (R)

22nd District: Rep. Claudia Tenney (R)

23rd District: Rep. Tom Reed (R)

24th District: Rep. John Katko (D)

25th District: Rep. Joseph Morelle (D)

26th District: Rep. Brian Higgins (D)

27th District: Rep. Chris Jacobs (R)
