

Checklist for AAPOR TI

Survey: Missouri Republican Primary Poll (June 2022)

TI Disclosure Elements	Answers
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	Emerson College Nexstar Media
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	See Below
3. A definition of the population under study and its geographic location.	Likely Republican voters in Missouri
4. Dates of data collection.	June 2-5, 2022
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	Data was collected using a list of 20,000 mobile numbers and a multi-stage probability sample of 89,088 landlines provided by L2.
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	Aristotle, LLC L2
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	N/A
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	See #5
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	IVR and SMS-to-web

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p>	<p>The general election sample consisted of somewhat or very likely voters in Missouri, n=1,000 with a Credibility Interval (CI) similar to a poll’s margin of error (MOE) of +/- 3 percentage points.</p> <p>A screening question was asked if the voter was a somewhat or very likely voter. If the respondent said they were not somewhat or very likely to vote, they were eliminated from the sample.</p>
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p>The data was weighted by gender, age, education, region, and mode based on 2022 turnout modeling</p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. Reviewer: Type NA if not applicable.</p>	<p>N/A</p>
<p>13. Contact for obtaining more information about the study.</p>	<p>emersonpolling@emerson.edu</p>

Survey Instrument

1. What is your party registration?
Not registered to vote (end)
Democrat
Republican
Independent or other

2. How likely are you to vote in the August 2nd Primary for US Senate?
Not at all likely (go to 17)
Not very likely (go to 17)
Somewhat likely
Very likely

3. Which primary do you plan to vote in?
Democratic primary (go to 17)

Republican primary
Unsure (go to 17)

4. In the Republican primary for the U.S. Senate, who do you plan to vote for? (randomized)
 - Eric Schmitt
 - Billy Long
 - Eric Greitens
 - Vicky Hartzler
 - Mark McCloskey
 - Patrick A Lewis
 - Bernie Mowinski
 - C.W. Gardner
 - Deshon Porter
 - Dave Sims
 - Eric McElroy
 - Dennis Lee Chilton
 - Robert Allen
 - Dave Schatz
 - Hartford Tunnell
 - Kevin C. Schepers
 - Rickey Joiner
 - Robert Olson
 - Russel Pealer Breyfogle Jr
 - Darrell Leon McClanahan III
 - Curtis D. Vaughn
 - Undecided (skip to q6)

5. Will you definitely vote for your candidate or is there at least a chance you could change your mind and vote for someone else?
 - I will definitely vote for this candidate
 - There's a chance I could change my mind and vote for someone else

6. Do you have a favorable or unfavorable view of the following people? First, Eric Schmitt
 - Very favorable
 - Somewhat favorable
 - Somewhat unfavorable
 - Very unfavorable
 - Unsure

7. Next, Billy Long
 - Very favorable
 - Somewhat favorable
 - Somewhat unfavorable
 - Very unfavorable
 - Unsure

8. Next, Eric Greitens
 - Very favorable
 - Somewhat favorable
 - Somewhat unfavorable
 - Very unfavorable
 - Unsure

9. Next, Vicky Hartzler
 - Very favorable
 - Somewhat favorable
 - Somewhat unfavorable
 - Very unfavorable
 - Unsure

10. Lastly, Mark McCloskey
 - Very favorable
 - Somewhat favorable
 - Somewhat unfavorable
 - Very unfavorable
 - Unsure

11. If Donald Trump endorsed a candidate, would that make you more or less likely to vote for that candidate?
 - More likely
 - Less likely
 - No difference

12. What do you think is the most important issue facing Missouri?
 - Healthcare
 - Education
 - Economy (jobs, inflation, taxes)
 - Crime
 - Covid-19
 - Ukraine-Russia war
 - Immigration
 - Something else (please specify)

13. Which of the following statements comes closest to your position on abortion?
 - Abortion should be legal in all cases
 - Abortion should be legal up to 20 weeks of pregnancy
 - Abortion should be legal up to 6 weeks of pregnancy
 - Abortion should be legal only in cases of rape, incest, and when the woman's life is endangered
 - Abortion should be illegal in all cases

14. Which of the following statements comes closest to your viewpoint: US immigration should not increase because it will cost US jobs and increase unemployment; or, US immigration should increase to fill jobs companies have trouble filling?

US immigration should not increase because it will cost US jobs and increase unemployment
US immigration should increase to fill jobs companies have trouble filling

15. In the past month, have supply chain issues affected you personally through items being unavailable, or the delivery of items being delayed?

Yes

No

16. There has been a lot of discussion lately about gun control laws in Missouri. Do you favor or oppose laws that would place stricter controls on the sale of guns in the state?

Favor stricter sale of guns

Oppose stricter sale of guns

17. For statistical purposes only, can you please tell me your ethnicity?

Hispanic or Latino of any race

White or Caucasian

Black or African American

Asian

Other or multiple races

18. What is your age range?

18-29 years

30-49 years

50-64 years

65 or more years

19. What is the highest level of education you have attained?

High school or less

Some college

College graduate

Postgrad or higher

20. Please select the type of area where you live

Urban/city

Suburban

Rural

21. What is your gender?

Male

Female

Nonbinary or other

22. Who did you vote for in the 2020 election?

Joe Biden

Donald Trump

Someone else

Did not vote

23. What congressional district do you live in?
