

**Checklist for AAPOR TI Survey:**

**New York September Poll**

<b>TI Disclosure Elements</b>	<b>Answers</b>
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	<b>Emerson College Nexstar Media</b>
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	<b>See Below</b>
3. A definition of the population under study and its geographic location.	<b>Somewhat and very likely voters in New York</b>
4. Dates of data collection.	<b>September 4-6, 2022</b>
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	<b>Data was collected using a list of 10,000 mobile numbers and a multi-stage probability sample of 79,785 landlines provided by L2, and an online panel provided by CloudResearch.</b>
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	<b>Aristotle, LLC CloudResearch</b>
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	<b>CloudResearch uses opt in panels and not online ads to recruit participants</b>
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	<b>See #5</b>
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	<b>IVR, Online, SMS-to-web</b>

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p>	<p><b>The general election sample consists of somewhat and very likely voters in New York, n=1,000, with a MOE of +/- 3%. A screening question was asked if the voter was somewhat or very likely to vote. If the respondent said they were not somewhat or very likely to vote, they were eliminated from the sample.</b></p>
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p><b>The data was weighted by gender, age, education, race, and region based on 2022 turnout modeling</b></p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. <i>Reviewer: Type NA if not applicable.</i></p>	<p>N/A</p>
<p>13. Contact for obtaining more information about the study.</p>	<p><a href="mailto:emersonpolling@emerson.edu">emersonpolling@emerson.edu</a></p>

Survey Research

1. Do you approve or disapprove of the job that Joe Biden is doing as President?
  1. Approve
  2. Disapprove
  3. Neutral/no opinion
  
2. What is your party registration?
  1. Not registered to vote (**TERMINATE**)
  2. Democrat
  3. Republican
  4. Independent or other
  
3. How likely are you to vote in the 2022 midterm elections?
  1. Not at all likely (**TERMINATE**)
  2. Not too likely (**TERMINATE**)
  3. Somewhat likely
  4. Very likely
  
4. If the election for US Senate were held today, who would you vote for at this time?

1. Republican Joe Pinion
2. Democrat Chuck Schumer
3. Someone else
4. Undecided

5. If the election for Governor were held today, who would you vote for at this time?

1. Republican Lee Zeldin
2. Democrat Kathy Hochul
3. Someone else
4. Undecided

6. In a hypothetical match-up, if the 2024 Presidential Election were held today, and the candidates were Donald Trump and Joe Biden, who would you vote for at this time?

1. Donald Trump
2. Joe Biden
3. Someone else
4. Undecided

7. Which of the following issues is most important in determining your vote this November?
  1. Healthcare
  2. Education
  3. Economy (jobs, inflation, taxes)
  4. Crime
  5. Covid-19
  6. Immigration
  7. Housing affordability
  8. Abortion access
  9. Gun violence
  10. Something else (please specify)
  
8. Should employees that were fired for not complying with Covid-19 vaccine requirements get their jobs back?
  1. Yes
  2. No
  3. Neutral or no opinion
  
9. Do you agree or disagree that abortions should be allowed in the third trimester?
  1. Agree, they should always be allowed
  2. Agree, they should be allowed only if there is risk to the mother's life
  3. Disagree
  
10. Has the current bail reform policy in New York State decreased crime, increased crime, or had no impact on the amount of crime in the state?
  1. Decreased crime
  2. Increased crime
  3. No impact
  
11. Will new gun laws going into effect regarding eligibility requirements for concealed carry permit applicants and restrictions on the carrying of concealed weapons in 'sensitive locations,' decrease crime, increase crime, or have no impact on the amount of crime in the state?
  1. Decrease crime
  2. Increase crime
  3. No impact
  
12. Please tell me which one of these racial or ethnic groups you identify with.
  1. Hispanic or Latino of any race
  2. White or Caucasian
  3. Black or African American
  4. Asian American or Pacific Islander
  5. Other or multiple races
  
13. What is the highest level of education you have attained?
  1. High school or less
  2. Some college but no degree
  3. College graduate
  4. Post-graduate school or advanced degree
  
14. What is your age?
  1. 18-34 years

2. 35-49 years
3. 50-64 years
4. 65 years or over

15. Who did you vote for in the 2020 election?

1. Joe Biden
2. Donald Trump
3. Someone else
4. Did not vote

16. Please select the type of area where you live

1. Urban/city
2. Suburban
3. Rural

17. Can you please tell me your gender?

1. Male
2. Female
3. Nonbinary or other

18. What congressional district do you live in?
