

Checklist for AAPOR TI Survey:

National Poll (January 2023)

TI Disclosure Elements	Answers
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	Emerson College
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	See Below
3. A definition of the population under study and its geographic location.	US Registered Voters
4. Dates of data collection.	January 19-21, 2023
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	Data was collected using a multi-stage probability sample of 76,000 landlines provided by Aristotle and an online survey via CloudResearch.
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	Aristotle, LLC CloudResearch
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	N/A
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	See #5
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	IVR, Online

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p>	<p>The sample consisted of registered voters, n=1,015, with a margin of error (MOE) of +/- 3 percentage points.</p> <p>A screening question was asked if the voter was registered to vote. If the respondent said they were not registered to vote, they were eliminated from the sample.</p>
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p>The data sets were weighted by gender, education, race, party affiliation, and region based on 2024 registration modeling.</p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. Reviewer: Type NA if not applicable.</p>	<p>N/A</p>
<p>13. Contact for obtaining more information about the study.</p>	<p>emersonpolling@emerson.edu</p>

Survey Instrument

1. Do you approve or disapprove of the job Joe Biden is doing as President?
 - Approve
 - Disapprove
 - Neutral or no opinion

2. Do you approve or disapprove of the job Chuck Schumer is doing as Senate Majority Leader?
 - Approve
 - Disapprove
 - Neutral or no opinion

3. Do you approve or disapprove of the job Kevin McCarthy is doing as Speaker of the House?
 - Approve
 - Disapprove
 - Neutral or no opinion

4. What do you think is the most important issue facing the United States?
 - Healthcare
 - Education
 - Economy (jobs, inflation, taxes)
 - Crime
 - Immigration

Housing affordability
Abortion access
Threats to democracy
Something else (please specify)

5. In 2024, do you plan to vote in the Democratic or Republican presidential primary election or caucus in your state?
Yes, Democratic Primary or Caucus (go to 8)
Yes, Republican Primary or Caucus
Neither (go to 9)
6. Among these candidates, who would you be most likely to vote for in the Republican primary in 2024? (rotate answer choices)
Donald Trump
Mike Pence
Ron DeSantis
Ted Cruz
Nikki Haley
Tim Scott
Paul Ryan
Kristi Noem
Mike Pompeo
Someone else (please specify)
7. Regardless of who you support, which candidate do you expect to be the Republican nominee for President in 2024, Donald Trump, Ron DeSantis or someone else?
Donald Trump (skip to 9)
Ron DeSantis (skip to 9)
Someone else (skip to 9)
8. Should President Biden be the Democratic nominee in 2024, or would you rather it be someone else?
Joe Biden
Someone else
9. If the 2024 election for US congress were held today, would you support the Democratic candidate or the Republican candidate on the ballot?
Democratic candidate
Republican candidate
Undecided
10. If the 2024 Presidential Election were held today, and the candidates were Donald Trump and Joe Biden, who would you vote for at this time?
Donald Trump
Joe Biden
Someone else
Undecided

11. In a hypothetical match-up, If the 2024 Presidential Election were held today, and the candidates were Ron DeSantis and Joe Biden, who would you vote for at this time?
- Ron DeSantis
 - Joe Biden
 - Someone else
 - Undecided
12. Which of the following states should hold the first presidential primary or caucus in the country: Iowa, New Hampshire, Nevada, or South Carolina?
- Iowa
 - New Hampshire
 - Nevada
 - South Carolina
 - Somewhere else (please specify)
13. Which do you think is more important in a job, higher wages with low job security, or high job security with lower wages?
- High wages with low job security
 - High job security with lower wages
14. What is your party registration or affiliation?
- Not registered to vote (end)
 - Democrat
 - Republican
 - Independent/other
15. Who did you vote for in the 2020 election?
- Joe Biden
 - Donald Trump
 - Someone else
 - Did not vote
16. For statistical purposes only, can you please tell me your ethnicity?
- Hispanic or Latino of any race
 - White or Caucasian
 - Black or African American
 - Asian
 - Other or multiple races
17. What is your age range?
- 18-34 years
 - 35-49 years
 - 50-64 years
 - 65 or more years
18. What is the highest level of education you have attained?

High school or less
Vocational/technical school
Associate Degree/some college
College graduate
Postgrad or higher

19. Please select the type of area where you live

Urban/city
Suburban
Rural

20. To start, can you please tell me your gender?

Male
Female
Other

21. What state do you live in?
